March 2, 2018

Dear Oviedo High School Students and Parents,

In response to recent events and in order to provide the safest environment possible for all students and staff that come to Oviedo High School every day, I want to communicate to you some important reminders and provide you with some new information.

- Reminder – all visitors reporting to campus must register in Building 1 where they will receive an identification sticker that must be worn while on campus.
- We no longer accept any “dropped off” items (i.e. Lunches, athletic equipment, etc.)
- Fire drills will be suspended until further notice. If the alarm accidentally/purposefully goes off, we will not evacuate, but isolate the problem and re-evaluate the situation.
- **Students – please do not prop doors open.**
- **All – “See something, say something!”**
- Speak Out Hotline 1-800-423-TIPS (Anonymous Reporting)
- Any urgent parent messages will be communicated through the School Messenger phone call system.
- In regards to student walkouts – these are student organized, student led, and for student participants only. These walkouts are not endorsed by our school. Our role as administrators is to direct and supervise; the role of teachers is to continue teaching.

Thank you for working with us as we continue to look for ways to make our campus safer and more secure for our students and faculty.

Sincerely,

Joe Trybus

Joe Trybus
Principal
